

CONTENTS

Christina Kappa, Elias Milios, and Kyriaki Kitikidou. Effect of site productivity on structural diversity of <i>Pinus sylvestris</i> – <i>Fagus sylvatica</i> stands in the Central Rhodope Mountains, Greece.....	3
M. Edi Armanto, Elisa Wildayana, and Bella Syakina. Rethinking rumbia palm (<i>Metroxylon sagu</i> Rottb.) cultivation as a nature-based solution for peatland restoration and biodiversity enhancement in South Sumatra, Indonesia	16
Angel Ferezliev, Kristiyan Kolev, and Tatiana Stankova. Estimating diameter at breast height from basal diameter of plantation-grown Scots pine (<i>Pinus sylvestris</i> L.) trees in Bulgaria.....	32
Teodora Markova and Marius Dimitrov. Forest vegetation of Plana Mountain, Bulgaria: a phytosociological approach	50
Simeon Slavov and Sonja Bencheva. Distribution and potential threat of <i>Biscogniauxia cinereolilacina</i> on <i>Tilia tomentosa</i> in Bulgaria	75
Jonathan M. Kormann, Ernst van der Maaten, and Mirko Liesebach. Growth responses of <i>Cryptomeria japonica</i> to drought and frost events in northern Germany.....	89
Dewi Kresnasari, Muhammad Zainuri, Max Rudolf Muskananfolo, and Rudhi Pribadi. Leaf chlorophyll content and foliar damage in relation to biomass accumulation of <i>Sonneratia caseolaris</i> in the Segara Anakan Mangrove Lagoon, Indonesia ..	102
Victor Valdayskikh, Olga Nekrasova, and Tatiana Radchenko. Carbon stocks in soils of dark coniferous forests of the Middle Urals, Russia	115
Ivanna Kulbanska, Maryna Shvets, Anatolii Goychuk, Vasyl Zayachuk, and Nataliya Horbenko. Prevalence and severity of transverse oak canker in Kyiv region, Ukraine	128
Muh Iriansyah Akram, Andang Suryana Soma, and Baharuddin Baharuddin. Drought vulnerability analysis using NDLI and strategy for mitigation in Tallo Watershed, Indonesia.....	141
Maha Rezky, Andang Suryana Soma, and Andi Mujetahid. UAV-based spatial analysis for modelling pine resin yield and assessing land potential in South Sulawesi, Indonesia.....	161
Yasmine Lakhdari, Abdelhakim Bouzid, Abdelwahab Chedad, and Makhlouf Sekour. Dietary composition of the Pharaoh Eagle-Owl (<i>Bubo ascalaphus</i>) in the Northern Algerian Sahara	173
Margarita Glazyrina, Natalia Lukina, Elena Filimonova, and Nadezhda Chukina. <i>Pyrola chlorantha</i> (Ericaceae) on self-overgrowing industrial dumps and in natural habitats in the Middle Urals	185

Rahmawati Rahmawati, Yusran Yusran, Gilang Ramadhan Syahputra, Irmasari Taha, and Kartika Megawati. Diversity of arbuscular mycorrhizal fungi in the habitat of <i>Nepenthes pitopangii</i> Lee along the Rore Kautimbu Hiking Trail, Indonesia	198
Nikolay Nikolov. A KPI-based model for smart management of urban green infrastructure and ecosystem services	209
Alexander Tashev and Evgeni Tsavkov. The dendroflora of the Bulgarian part of the Rhodopes Mountains: a review	223
Berthold Heinze and Petar Zhelev. Bulgarian <i>Populus tremula</i> : a genetic evaluation based on chloroplast DNA.....	249
Bistra Dimitrova. Assessing the health benefits of forest art therapy – evidence from Bulgaria	259
